INDEX OF AUTHORS

B

Bain, C. W. Curtis: Pericarditis and complete heart block during thiouracil therapy. 49.
Bourne, Geoffrey: Ligature of patent ductus arteriosus. 91.
Braun, K. (and M. Rachmilewitz): Electrocardiographic changes and the effect of niacin therapy in pellagra. 72.
Burnett, William (and Jane Davidson): A case of myxoma of the heart. 180.
Burrows, Arthur (and Wilfred Stokes): Mercurial diuretics: intolerance as shown by skin sensitivity. 161.

C

Cameron, D. R.: Transient heart block and coronary occlusion in pleural shock. 104.
Campbell, Maurice: Paroxysmal tachycardia and 2:1 heart block. 183.
Cookson, Harold: Heart block and the simulation of bundle block in diphtheria. 63.
Cottrell, J. D. (and G. W. Hayward): The effects of emetine on the heart. 168.

D

Daley, Raymond: Morphine hypersensitivity in kyphoscoliosis. 101.
Davidson, Jane (and William Burnett): A case of myxoma of the heart. 180.
Dreyfuss, F.: Heart block in a diabetic with only mild arteriosclerosis. 128.
Duras, F. P.: Cardiac manifestations in a case of tuberous sclerosis. 37.

E

East, Terence: Ligation of the patent ductus arteriosus. 95.
——: Traumatic rupture of the interventricular septum. 116.
Ellman, Philip: Tuberculous pericarditis with effusion. 147.
Enzer, Norbert (and Ernst Simonson): An unusual case of A-V nodal rhythm with varying A-V block. 45.
Evans, William (and David Lewes): Carotid shudder in aortic stenosis. 171.

F

Fletcher, C. M.: Cardiac output in a case of pericardial effusion. 143.

G

Garai, Oliver: Immersion as a factor in the development of hypertension. 200.
Gerlis, L. M. (and H. E. S. Pearson): A quantitative electrocardiographic method. 173.
Gilchrist, A. Rae: Patent ductus arteriosus and its surgical treatment. 1.

H

Hayward, G. W. (and J. D. Cottrell): The effects of emetine on the heart. 168.
Hewlett, R. F. L. (and J. B. Mehta): Cor triloculare biauriculare: an unusual adult heart. 41.
Howell, Trevor H.: Arterial thickening in old age. 135.
Hume, W. E.: William Ritchie. 207.

J

Johnson, R. Sleigh (and David Lewes): Advanced mitral stenosis at three years old. 52.

L

Lewes, David (and R. Sleigh Johnson): Advanced mitral stenosis at three years old. 52.
—— (and William Evans): Carotid shudder in aortic stenosis. 171.
Leys, D. G.: Heart block following diphtheria. 57.

M

Mehta, J. B. (and R. F. L. Hewlett): Cor triloculare biauriculare: an unusual adult heart. 41.

N

Neubauer, C.: Auricular fibrillation and auricular flutter in diphtheria. 59.
— —: Paroxysmal tachycardia in infancy and childhood. 107.
Nylin, Gustav: Blood volume determinations with radioactive phosphorus. 81.

P

Pearson, H. E. S. (and L. M. Gerlis): A quantitative electrocardiographic method. 173.
Pearson, R. S. B.: Sinus bradycardia with cardiac asystole. 85.
Perry, C. Bruce: Malignant hypertension cured by nephrectomy. 139.

R

Rachmilewitz, M. (and K. Braun): Electrocardiographic changes and the effect of niacin therapy in pellagr . 72.
Roche, E. H.: Multiple chest lead cardiograms and their clinical value. 119.

S

Simonson, Ernst (and Norbert Enzer): An unusual case of A-V nodal rhythm with varying A-V block. 45.
Stokes, Wilfred (and Arthur Burrows): Mercurial diuretics: intolerance as shown by skin sensitivity. 161.

INDEX OF SUBJECTS

A

Advanced mitral stenosis at three years old (R. Sleigh Johnson and David Lewes). 52.
Aortic stenosis, Carotid shudder in (William Evans and David Lewes). 171.
Arterial thickening in old age (Trevor H. Howell). 135.
Arteriosclerosis, Heart block in a diabetic with only mild (F. Dreyfuss). 128.
Auricular fibrillation and auricular flutter in diphtheria (C. Neubauer). 59.
Auricular flutter in diphtheria, Auricular fibrillation and (C. Neubauer). 59.
A-V block, An unusual case of A-V nodal rhythm with (Ernst Simonson and Norbert Enzer). 45.
A-V nodal rhythm with varying A-V block, An unusual case of (Ernst Simonson and Norbert Enzer). 45.

B

Blood volume determinations with radioactive phosphorus (Gustav Nylin). 81.
Bradycardia with cardiac asystole, Sinus (R. S. B. Pearson). 85.
Bundle block in diphtheria, Heart block and the simulation of (Harold Cookson). 63.

C

Cardiac asystole, Sinus bradycardia with (R. S. B. Pearson). 85.
Cardiac manifestations in a case of tuberous sclerosis (F. P. Duras). 37.
Cardiac output in a case of pericardial effusion (C. M. Fletcher). 143.
Cardiac Society of Great Britain and Ireland, Proceedings of the. 210.
Cardiograms and their clinical value, Multiple chest lead (E. H. Roche). 119
Carotid shudder in aortic stenosis (William Evans and David Lewes). 171.
Chest lead cardiograms and their clinical value (E. H. Roche). 119.
Complete heart block during thiouracil therapy, Pericarditis and (C. W. Curtis Bain). 49.
Congenital heart: Cor triloculare biauriculare (J. B. Mehta and R. F. L. Hewlett). 41.
Cor triloculare biauriculare: An unusual adult heart. (J. B. Mehta and R. F. L. Hewlett). 41.
Coronary occlusion in pleural shock, Transient heart block and (D. R. Cameron). 104.

D

Diabetic with only mild arteriosclerosis, Heart block in a (F. Dreyfuss). 128.
Diphtheria, Auricular fibrillation and auricular flutter in (C. Neubauer). 59.
Diphtheria, Heart block and the simulation of bundle block in (Harold Cookson). 63.
Diphtheria, Heart block following (D. G. Leys). 57.
Ductus arteriosus and its surgical treatment, Patent (A. Rae Gilchrist). 1.
Ductus arteriosus, Ligation of the patent (Terence East). 95.
Ductus arteriosus, Ligature of patent (Geoffrey Bourne). 91.

E

Effects of emetine on the heart (J. D. Cottrell and G. W. Hayward). 168.
Electrocardiograms, Multiple chest lead (E. H. Roche). 119.
Electrocardiographic changes and the effect of niacin therapy in pellagra (M. Rachmilewitz and K. Braun). 72.
Electrocardiographic method, A. quantitative (H. E. S. Pearson and L. M. Gerlis). 173.
Emetine on the heart, The effects of (J. D. Cottrell and G. W. Hayward). 168.

H

Heart block and coronary occlusion in pleural shock, Transient (D. R. Cameron). 104.
Heart block and the simulation of bundle block in diphtheria (Harold Cookson). 63.
Heart block during thiouracil therapy, Pericarditis and complete (C. W. Curtis Bain). 49.
Heart block following diphtheria (D. G. Leys). 57.
Heart block in a diabetic with only mild arteriosclerosis (F. Dreyfuss). 128.
Heart block 2:1, Paroxysmal tachycardia and (Maurice Campbell). 183.
Hypertension cured by nephrectomy, Malignant (C. Bruce Perry). 139.
Hypertension, Immersion as a factor in the development of (Oliver Garai). 200.

I

Immersion as a factor in the development of hypertension (Oliver Garai). 200.
Infancy and childhood, Paroxysmal tachycardia in (C. Neubauer). 107.
Interventricular septum, Traumatic rupture of the (Terence East). 116.
Intolerance as shown by skin sensitivity, Mercurial diuretics: (Arthur Burrows and Wilfred Stokes). 161.

K

Kyphoscoliosis, Morphine hypersensitivity in (Raymond Daley). 101.

L

Ligation of the patent ductus arteriosus (Terence East). 95.
Ligature of patent ductus arteriosus (Geoffrey Bourne). 91.

M

Malignant hypertension cured by nephrectomy (C. Bruce Perry). 139.
Mercurial diuretics: intolerance as shown by skin sensitivity (Arthur Burrows and Wilfred Stokes). 161.
Mitral stenosis at three years old, Advanced (R. Sleigh Johnson and David Lewes). 52.
Morphine hypersensitivity in kyphoscoliosis (Raymond Daley). 101.
Multiple chest lead cardiograms and their clinical value (E. H. Roche). 119.
Myxoma of the heart, A case of (William Burnett and Jane Davidson). 180.

N

Nephrectomy, Malignant hypertension cured by (C. Bruce Perry). 139.
Niacin therapy in pellagra, Electrocardiographic changes and the effect of (M. Rachmilewitz and K. Braun). 72.
Nodal rhythm with varying A-V block (Ernst Simonson and Norbert Enzer). 45.

O

Old age, Arterial thickening in (Trevor H. Howell). 135.

P

Paroxysmal tachycardia and 2:1 heart block (Maurice Campbell). 183.
Paroxysmal tachycardia in infancy and childhood (C. Neubauer). 107.
Patent ductus arteriosus and its surgical treatment (A. Rae Gilchrist). 1.
Patent ductus arteriosus, Ligation of the (Terence East). 95.
Patent ductus arteriosus, Ligature of (Geoffrey Bourne). 91.
Pellagra, Electrocardiographic changes and the effects of niacin therapy in (M. Rachmilewitz and K. Braun). 72.
Pericardial effusion, Cardiac output in a case of (C. M. Fletcher). 143.
Pericarditis and complete heart block during thiouracil therapy (C. W. Curtis Bain). 49.
Pericarditis with effusion, Tuberculous (Philip Ellman). 147.
Pleural shock, Transient heart block and coronary occlusion in (D. R. Cameron). 104.
Proceedings of the Cardiac Society of Great Britain and Ireland. 210.

Q

Quantitative electrocardiographic method (H. E. S. Pearson and L. M. Gerlis). 173.

R

Radioactive phosphorus, Blood volume determinations with (Gustav Nylin). 81.
Ritchie, William (W. E. Hume). 207.

S

Sinus bradycardia with cardiac asystole (R. S. B. Pearson). 85.
Skin sensitivity, Mercurial diuretics: intolerance as shown by (Arthur Burrows and Wilfred Stokes). 161.
Surgical treatment, Patent ductus arteriosus and its (A. Rae Gilchrist). 1.

T

Tachycardia in infancy and childhood, Paroxysmal (C. Neubauer). 107.
Thiouracil therapy, Pericarditis and complete heart block during (C. W. Curtis Bain). 49.
Transient heart block and coronary occlusion in pleural shock (D. R. Cameron). 104.
Traumatic rupture of the interventricular septum (Terence East). 116.
Tuberculous pericarditis with effusion (Philip Ellman). 147.
Tuberous sclerosis, Cardiac manifestations in a case of (F. P. Duras). 37.
